### THIRD REPORT COMMITTEE ON ROADS AND BRIDGES.

*To the Warden and Councillors for the County of Welland in Council Assembled:*

The Standing Committee on Roads and Bridges beg leave to submit this their Third Report.

Your Committee have had before them the communication of J. & W. Beatty & Co., and of Mr. Cumberland, representing that the openings in the Montrose and other Bridges over the Welland below Port Robinson are not sufficient to allow the passage through of the two new Steamers now being built at Port Robinson.

In view of the fact that the Welland at that point is a navigable stream, and having doubts how far the Bridges referred to may be looked upon as an obstruction, and moreover, feeling it to be a duty of your Honorable Council to encourage industrial pursuits, and particularly that of Shipbuilding along the line of the Welland Canal, your Committee would recommend that the Montrose Bridge be so altered at the expense of the County as to admit of the ready passage of the vessels mentioned, provided both go

out at one time, and provided further that the sum so expended shall not exceed \$100.

As to the Chippawa Bridge your Honorable Council has not in the opinion of your Committee any jurisdiction there or control over the said Bridge. Your Committee are of opinion that two or more piles will be required to be removed from the foundations at the Mostrose Bridge for the purpose mentioned, and they would suggest that in their place be substituted a frame work which in the future should a like occasion arise, may be removed at less expense than the taking out of piles.

All of which is respectfully submitted.

Signed, ALEX. LATTIMORE.  
WM. REAVELY.

#### FIRST REPORT COMMITTEE ON COUNTY LANDS.

*To the Warden and Councillors of the County of Welland in Council Assembled:*

The Standing Committee on County Lands beg leave to submit this their First Report.

That they have had before them the Certificate of Elisha Furry, Esq., Reeve for Port Colborne, setting forth that the work upon Ditch on Frazer Street in Port Colborne, mentioned in Report of Committee on County Lands adopted on the 11th day of June last, has all been done in accordance with that Report.

Your Committee have therefore to report that the Corporation of that Village are entitled to a conveyance of a Village lot for site for Lock-up.

It appears, however, that the Lot No. 3 on Durham Street is not now at the disposal of your Honorable Council.

Your Committee would therefore recommend that the Warden and Clerk do convey to the Corporation of Port Colborne for a Site for a Lock-up such unsold Lot on County Lands in that Village as they in their judgment may select and fix upon for the purpose.

All of which is respectfully submitted.

## SECOND REPORT COMMITTEE ON COUNTY LANDS.

*To the Warden and Councillors for the County of Welland in Council Assembled:*

This work has been done under the supervision of Mr. Lee, who let a Contract to Wm. Gifford at 45 cents per rod, a distance of 295 rods, amounting to \$132.75, one third of which is payable, say \$44.25 by parties whose lands are benefitted, adjoining said Ditch, the balance of County appropriation, \$11.50, has been expended by days work on said Ditch.

*To the Warden and Councillors of the County of Welland in Council Assembled:*

Your Committee on Education beg to report that Messrs. William Lowell and Joseph Wynn, lately appointed Trustees of the Stamford Grammar School, have tendered their resignation as such Trustees, and your Committee would recommend that the resignation of these gentlemen referred to be accepted.

And they would recommend that Mr. Wm. McKay, of Drummondville, and Mr. Harrison Mewburn, of Stamford, be appointed Trustees of the Stamford Grammar School, in the place and stead of Messrs. William Lowell and Joseph Wynn, and they herewith submit a By-Law for their appointment as such Trustees.

All of which is respectfully submitted.

Upon referring to the 57th Section of the Common School Act 22, Vic., Chap. 64, Con. Stat. for Upper Canada.

Your Committee find a provision therein that each County Council shall, if deemed expedient, appoint one or more Sub-Treasurers of School moneys for one or more Townships of this County.

Your Committee would recommend that the practice already established be continued by the appointment of the following named persons for the Townships hereinafter mentioned, that is to say.

### FOURTH REPORT COMMITTEE ON EDUCATION.

The Standing Committee on Education beg leave to submit this their Fourth Report.

Upon Examination of the Common School Act 22, Vic., Chap. 64, Section 50, Consolidated Statutes of Upper Canada.

Your Committee find it enacted that each County Council shall cause to be levied yearly upon the several Townships of the County such sums of money for the payment of salaries of legally qualified Common School Teachers as at least equal, clear of all charges of collection, the amount of school money appropriated by the Chief Superintendent of Education to the several Townships for the year, and notified by him to such Council by the County Clerk.

It appears that the notification above referred to has been received, and is now before this Council. Your Committee after consulting the Councillors of the different Municipalities concerned, are of the opinion that a sum equal to that raised last year should be levied for the purpose above referred to, although such sums will in most instances be slightly in excess of the Legislative Grant as given in the said Notification.

## FOURTH REPORT COMMITTEE ON EDUCATION.

*To the Warden and Councillors of the County of Welland in Council Assembled:*

Your Committee on Education upon referring to the Act to improve the Common and Grammar Schools of the Province of Ontario, find that it is necessary to appoint not less than two nor more than four persons in connection with the Inspector as Examiners of Common School Teachers of the County of Welland. Your Committee are of opinion that the work to be done by the examiners will be more effectually performed by three examiners than by a greater number, and they are aware that the expense of sustaining the examining board will be less in case it consists of three members instead of five. Your Committee would recommend that not more than two examiners in addition to the Inspector be appointed, and they beg to suggest the names of the Rev. Geo. Bell, of Clifton, and Mr. Wm. Olivar, Welland, as suitable persons to be appointed such examiners.

All of which is respectfully submitted.

Signed, A. G. HILL.

Date, the 20th June, 1871.

## SECOND REPORT COMMITTEE ON FINANCE.

*To the Warden and Councillors of the County of Welland in Council Assembled:*

Your Committee on Finance beg leave to present their second Report, and recommend payment of the following accounts.

J. Brookfield. Candles, &c., \$1.15.

P. Brown, \$5.05.

With regard to the Communication of Joseph Woodruff, Esq., asking assistance for the House of Providence in Toronto, a Charitable Institution, non sectarian in regard to objects of Charity, Your Committee would recommend that a sum of Twenty-five Dollars be granted by this Council as a recognition of the Charity extended to the destitute from this County.

Signed, J. C. KIRKPATRICK.

#### FIRST REPORT COMMITTEE ON GAOL REPAIRS.

*To the Warden and Councillors for the County of Welland in Council Assembled:*

Your Building Committee beg leave to submit their first Report.

Your Committee have examined the Gaol and premises thereunto attached, and find them complete with the exception of a small part of the Stone Wall of the Yard North of the Gaol.

They have also consulted with the Contractor and find that he is anxious for a settlement of his Claims for extra work done on the Building.

Your Committee would not take it upon themselves to recommend any definite sum to be paid for alterations, but would leave this matter entirely for your Honorable Council to decide. They are of opinion, however, that the Contractor's strenuous efforts to construct a substantial Building so well adapted to prison purposes as the one in question, should meet the hearty approbation of the Council

and a willingness to settle with him on a fair and equitable basis, inasmuch as they think your Honorable Council must be convinced that the Building as now completed is a great improvement on the original Plan.

All of which is respectfully submitted.

#### FIRST REPORT COMMITTEE ON PRINTING:

*To the Warden and Councillors of the County of Welland in Council Assembled:*

Your Committee on Printing beg to report that they have had before them the tenders of Mr. J. J. Sidey and Mr. E. R. Dewhurst.

They find that the former has tendered by the thousand as well as by the page, while the latter has tendered only by the thousand. Your Committee believing that if the work is done by the page it will give more general satisfaction than if done by the thousand, and believing that it would be more just to the parties interested to allow them both to tender again by the page,

Would recommend that the Clerk be instructed to notify the parties having already tendered that tenders will be received by him until 11 o'clock to-morrow for the County Printing, and that such tenders are to be by the page. Advertising upon the same principle as in former Tenders.

Your Committee would also beg to draw the attention of the Council to the fact that Mr. Dewhurst has not furnished to this Council his account for the work lately done so that your Committee are unable to judge what the work now performed will amount to.

All of which is respectfully submitted.

JOHN KIRKPATRICK, Esq.,

Reeve, &amp;c.

MY DEAR SIR,—

When I last saw you we had some conversation relative to the House of Providence at Toronto, and how your locality had been relieved of a burden by sending some poor unfortunates to that good institution. I now send you the names of a few who have gone from your County, and some of them still in the House, being either too old or young to find places for them. There are at present, old and young, about 700 inmates in the house, who are looked after by the Sisters. I think it one of the best of our charities and would only require to be brought under the notice of the various County Councils who would take great pleasure in giving a small annual Grant to so desirable an institution. May I ask you to bring the matter before your Council at its next sitting.

Very truly yours,

REPORT J. W. LANGMUIR, ESQ., PRISON  
INSPECTOR.

WELLAND GAOL.

April, 11th, 1871.

The undersigned this day visited the Gaol, passed through the several corridors, cells, &c., and found the whole in a clean, neat, and orderly condition. There are only three persons under confinement, all men. One of them, Cornelius Cole, is placed in custody as a dangerous lunatic. Whatever his condition was when committed to gaol, or whether his mental state rendered it dangerous for him to be at large, it is now pretty evident that he is almost if not quite restored to a sound mind. The undersigned would therefore most respectfully recommend his discharge from custody in the manner indicated in the Act.

The North Wing now in course of reconstruction was thoroughly inspected.

The undersigned regrets to find that the work has progressed so slowly, and he trusts that it will now be pushed forward to completion at an early day.

So that no misunderstanding may arise as to the manner in which the internal arrangements of the Gaol shall be carried out, he would again most respectfully bring under the notice of the County Council the necessity of providing a prison kitchen and store room. Without these the difficulties and misunderstandings that now exist in the management of that department of the Gaol administration cannot be overcome. But when these domestic departments *become a portion of the Gaol* so that prisoners can be detailed to do the cooking all defects will be remedied. For these reasons the undersigned has to request that the completion of these rooms be proceeded with in order that the requirements of the prison Inspection Act may be complied with.

For the same reasons, and for the better security and safe keeping of prisoners, as well as to improve the sanitary condition of the prison, he would again remind the Council of the necessity of enlarging the Yard Space on the North

to the dimensions indicated in his last minute and of carrying out all the suggestions therein recorded, with the exception of boiler plate for the corridor ceilings.

Should they neglect to do this he warns the Council that the Gaol cannot be accepted under the provisions of the Statute.

Signed, J. W. LANGMUIR,  
Inspector.

PORT COLBORNE, June 20th, 1871.

D. D'EVERARDO, ESQ.,

DEAR SIR:

Your favor of the 19th June came to hand and contents noted.

In regard to the Lock-up Lot in the Village of Port Colborne, I thought it was all understood as to the Lot that was to be given to the Corporation for a certain Ditch which I hereby certify was completed on Frazer Street according to agreement made by Wm. Karr, the ex-REEVE of said Village, last year. We are prepared to take Deed of any Lot on Welland Street not sold by the County, and as the Village is badly in want of a Lock-up we would consider it a great favor to have the Lot conveyed to the Corporation at once.

### MEMORIAL NIAGARA RIVER BANKS.

*To His Excellency, the Governor General of the Dominion of Canada;*

IN COUNCIL.

The Memorial of the Municipal Council of the County of Welland in Council Assembled,

HUMBLY SHEWETH,—

That owing to the rapidity of the current in the Niagara River and the peculiar nature of the soil along its margin, the Banks of the Stream are continually being washed and worn away, even to an alarming extent. In many places in the Townships of Bertie and Willoughby, the public travelled Road has been carried away several times, and many acres of valuable land, including portions of large orchards, have entirely disappeared, entailing serious loss upon all the owners of property adjoining the River.

Your Memorialists therefore humbly pray that Your Excellency will be pleased to take such steps, if such steps be practicable, as will check the wearing away of the Banks of that noble River, and put an end to the destruction of property consequent thereon, and as in duty bound your Memorialists will ever pray.

Passed in Council this 28th day of June, 1871.
